

## Features

- Ferrule Stop
- Cable Clamp
- High Temperature Composite Material
- Hinged lid and snap lock
- Custom Quick Turn Solutions
- Negate Issues with Fiber Handling
- Prevents Fiber from withdrawing from Ferrule

## 1Cure Curing Cassettes

Using the range of curing cassettes for the 1Cure oven eases fiber handling and maintains fiber integrity during cable handling for connectors that can not be crimped before curing. The fiber position is preserved during the curing process preventing possible breaks during final assembly.

## Benefits

- Simplifies Termination Process
- Built In Strip Length Check
- Increases Production Efficiency

## Applications

- High Density Duplex Connectors for 400G
- LC Duplex Uniboot Connectors
- Ferrule only applications
- Military, Broadcast & Aerospace Pin Termini

Part Number	Description	
CAS-SN	Curing Cassette for SN Connector	
CAS-CS	Curing Cassette for CS Connector	
CAS-MDC	Curing Cassette for MDC Connector	
CAS-EZF-X	Curing Cassette for EZ Flip Connector	X - Cable Jacket Diameter
CAS-1.25F-X	Curing Cassette for 1.25mm Ferrules	X - Cable Jacket Diameter
CAS-2-F-X	Curing Cassette for 2mm Ferrules	X - Cable Jacket Diameter
CAS-2.5-F-X	Curing Cassette for 2.5mm Ferrules	X - Cable Jacket Diameter
OVB-12-CAS	Oven block holds 12 curing cassettes
