

Vertical Curing

30 Port Curing Block

30 Ports, accepts all standard connector types (SC,LC,ST,FC,MU)
Used with Metal fiber protectors

Part Numbers

OVB-30	OVB-30-2Set
OVB-30-3Set	OVB-30-4Set

24 Port Curing Block

24 Ports, accepts all standard connector types (SC,LC,ST,FC,MU)
Used with Metal fiber protectors

Part Numbers

OVB-24	OVB-24-2Set
OVB-24-3Set	OVB-24-4Set

24 Port Curing Block Extension

24 Port Vertical Extension compatible with PN: OVB-24
accepts all standard connector types (SC,LC,ST,FC,MU)
Used with Metal fiber protectors

Part Numbers

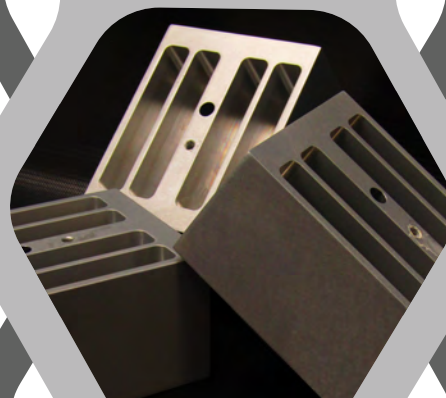

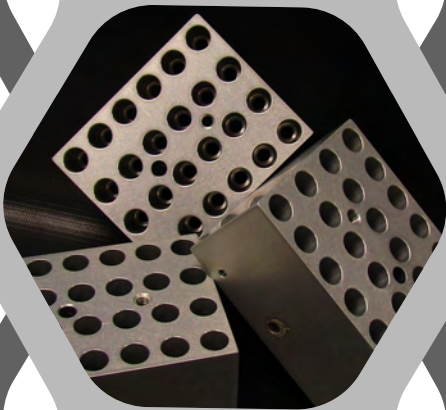

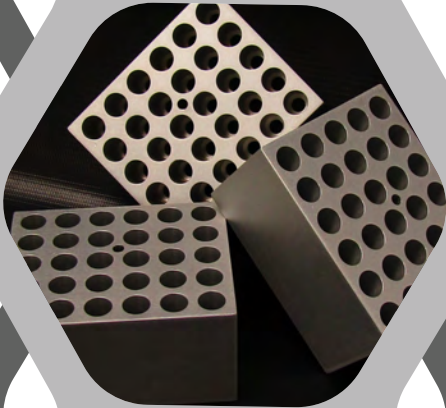

OVB-24-Ext	OVB-24-Ext-2Set
OVB-24-Ext-3Set	OVB-24-Ext-4Set

24 Port Uniboot Curing Block

24 Ports. Unique "Toaster" design allows it to accept
Plastic Fiber Protectors and Uniboot Style connectors.

Part Numbers

OVB-24-UB-PLA	OVB-24-UB-PLA-2Set
OVB-24-UB-PLA-3Set	OVB-24-UB-PLA-4Set

20 Port Uniboot Curing Block

20 Ports, accepts all standard connector types (SC,LC,ST,FC,MU) and Uniboot Connectors. Used with Metal fiber protectors

Part Numbers

OVB-20-UB

OVB-20-UB-2Set

OVB-20-UB-3Set

OVB-20-UB-4Set

20 Port Curing Block

20 Ports, Accepts LC connectors only with Plastic protective sleeves

Part Numbers

OVB-20-PLA

OVB-20-PLA-2Set

OVB-20-PLA-3Set

OVB-20PLA-4Set

20 Port Curing Block Extension

20 Ports, Extension to PN: OVB-20-PLA
Accepts LC connectors only with Plastic protective sleeves

Part Numbers

OVB-20-PLA-Ext

OVB-20-PLA-Ext-2Set

OVB-20-PLA-Ext-3Set

OVB-20-PLA-Ext-4Set

Fiber Sleeves

Protective sleeves that preserve excess fiber during the curing process by attaching to the ferrule or connector

Part Numbers

1.25 mm

2.5 mm

Plastic (LC only)
